

HP Scanjet Enterprise 9000 Sheet-feed Scanner

Boost productivity, improve workflows, and still get the high-quality results you demand with easy and reliable scanning. This A3 sheet-feed scanner can be used as a standalone solution or easily integrates into existing document management systems.

The HP Scanjet Enterprise 9000 Sheet-feed Scanner is designed for IT managers in managed enterprise environments that need robust document scanning – from ID card size up to A3 – for departments tied into document management systems.

Fast and reliable A3 sheet-feed document scanning.

Get fast, reliable scanning and the ability to capture everything from ID cards up to A3 size documents. Complete the job faster with instant lamp warm-up and scanning at up to 60 ppm/120 ipm at up to 300 dpi resolution¹. Boost productivity with two-sided scanning, a 150-page automatic document feeder² and a duty cycle of up to 5,000 pages per day. Enhance image quality with Kofax VRS® Pro and reduce file sizes by filtering background colours with multi-colour drop-out.

Save time with robust, precise paper handling.

Confidently scan documents with HP Precision Feed technologies. The scanner not only separates and feeds pages through, but also adjusts feeding if it fails to pick up a page, or notifies the user if it senses it picked up too many. Scan multiple documents types at once, including mixed stacks, ledgers, plastic ID cards and even log strip paper and medical test strips³. Even scan different batches together and separate them into individual files with bar codes, blank pages or page count.

Sophisticated scanning at the touch a button.

Centralise and simplify scanner management and save IT time with industry-leading HP Web Jetadmin. Automate document workflows and reduce IT calls with a scanner sophisticated enough for your enterprise, and simple enough for everyday users. Users can scroll through scan profiles and launch tasks at the push of a button. Seamlessly integrate into your existing document management system with ISIS, TWAIN, and WIA drivers. Kofax Virtual ReScan® Pro and I.R.I.S. Readiris™ Pro also included⁴.

¹ Speeds attained at up to 300 dpi resolution using HP Smart Document Scan Software, A4 paper, in landscape mode

² 150-page stack size is calculated using 75 g/m² bond paper

³ A8 to A3 size documents from 49 to 120 g/m²

⁴ IRIS Readiris PRO OCR works with Windows® 2000, XP and Vista only.

Technical specifications

Scanner Type	Sheetfed
Scan Technology	Charge Coupled Device (CCD)
Recommended daily throughput	Up to 5000 pages
Scan speed (ADF, A4)	Up to 60 ppm/120 ipm
Scan resolution	Optical: Up to 600 dpi Hardware: Up to 600 x 600 dpi Output resolution dpi settings: 75, 100, 150, 200, 240, 300, 400, 500, 600
Bit depth	48-bit internal/24-bit external
Greyscale Levels	256
Scaling	1 to 999% in 1% increments
ADF capacity	Standard, 150 sheets (75 g/m ²)
Media size, ADF	A3, A4, A5, A8, B5, 51 x 73.7 mm to 300 x 864 mm
Document weight	Minimum: 42 g/m ² ; Maximum: 120 g/m ²
Multi feed detection	Yes, ultrasonic
Control panel	Sleep button, 4-line LCD with 8 buttons: Tools, Cancel, Display Controls (Up, Down, OK, Back), Simplex Scan, Duplex Scan
Scanner advanced features	HP Precision Feed Technology, ultrasonic multi-feed detect, auto rotate, switchable background, long page support, single/double-sided document scanning
Scan input modes	Quick start buttons to HP Smart Document Scan Software and HP Document Copy; software scan using HP Smart Document Scan Software; user application via TWAIN, ISIS, WIA or Kofax VirtualReScan (VRS) Professional drivers
Scan file format	PDF (formatted text and graphics, normal with images, searchable image over text, MRC, PDF/A, password protection, encryption), TIFF (single page, multi-page, compressed), JPG, BMP, PNG, DOC, RTF, TXT, WPD, XLS, HTM, OPF, UNICODE TXT, XML, XPS
Software included	EMC/Captiva ISIS® drivers, TWAIN, Kofax® VRS® Pro, HP Smart Document Scan Software, I.R.I.S.® Readiris® Pro OCR, WIA drivers, HP Web Jetadmin SNMP Proxy Agent
Security management	HP Web Jetadmin SNMP Proxy Agent
Operating systems compatibility	Windows Vista®, x64, Microsoft® Windows® XP Home, XP Professional, XP Professional x64, 2000
Minimum system requirements	For all systems: USB 1.1 or higher, CD-ROM drive, 1024 x 768 SVGA monitor, 16-bit colour, 80 MB (drivers only), 300 MB (minimum) free hard disk space; for Microsoft® Windows® XP Home XP Professional: computer with at least a 1.3 GHz processor and 512 MB RAM; for Windows Vista®: computer with at least 1.3 GHz processor and 1 GB RAM; for Microsoft® Windows® 2000: computer with at least a 800 MHz processor and 256 MB RAM
Recommended system requirements	For all systems: 2.4 GHz processor, 750 MB free hard disk space, USB 2.0, CD-ROM drive, 1024 x 768 SVGA monitor, 16-bit colour; for Microsoft® Windows® XP Home, XP Professional or 2000: 1 GB RAM; for Microsoft® Windows® XP, XP x64, or 2000: Internet Explorer 6 or higher; for Windows Vista® and x64: 1GB RAM, Internet Explorer 7 or higher
Interface and connectivity	Standard: Hi-Speed USB 2.0
Replaceable parts	Separation rollers, pick rollers
Dimensions (w x d x h)	473 x 900 x 418 mm
Weight	16.40 kg; packaged: 22.11 kg
Operating environment	Operating temperature: 10 to 35° C; storage temperature: -40 to 70° C Operating humidity: 15 to 80% RH (non-condensing); storage humidity: Up to 90% RH (at 65° C)
Power requirements	Input voltage 100 to 240 VAC (+/- 10%), 50/60 Hz (+/- 3 Hz); consumption: 155 watts maximum
ENERGY STAR	Yes
Regulatory compliance information/safety	IEC 60950-1 First Edition (2001), national derivatives, associated voluntary and mandatory certifications: Russia (GOST)
Electromagnetic compatibility	EN55022: 2006, Class B (Europe)
Warranty	Standard one-year limited hardware warranty. Warranty and support options vary by product, country and local legal requirements.
